WORLD CULTURES

Our Collection

Our World Cultures collection explores how people around the globe have expressed their beliefs, traditions, and ways of life through art, clothing, tools, household objects, and ceremonial items.

Representing cultures from multiple continents, the collection offers a glimpse into the daily lives, artistic traditions, and cultural practices that have shaped societies across time and place. Through these objects, visitors can examine both the unique characteristics of individual cultures and the shared experiences that connect human communities.

Explore...

- Native American cultures from across the Americas
